FURRY

NOVELTIES

Cliff and Eleanor Zimmerman are a dynamic duo when it comes to originating craft projects. Their hobby has been running "Zim's Handicrafts", while their "vocation" has been raising four wonderful children on a diet of paint and glue. Some of their hobby fans claim that there's magic at work when these two creative people embark on a new craft adventure. Come share their latest one --- fake fur novelties --- and see for yourself.

Supplies

You'll be excited about fake fur projects for several reasons. The fur is available in a kaleidoscope of the brightest "now" colors, two lengths, and is very easy for a beginning hobby buff to work with. Imagine, all you need is an ordinary comb, a craft knife, white craft glue and clear acrylic spray.

Foreword...

Step into the world of a new craft --- the colorful, soft world of fake fur. Experience fur flowers that are beautiful to look at and touch. Just twist and shape the long fur pile and instantly you have a dainty bud or a full-sized blossom. Then, whisk some clear acrylic spray glaze over the flowers, and they promise to be everlasting. But, frosty looking fur flowers are only the beginning of this story. Fake fur is fantastically extendible! Learn a few simple tricks and you're on your way to creating a most unusual menagerie of fur animals, bottle novelties, and "kookie" characters, like the Merrie Monster. A Merrie Monster is a delightfully ghoulish friend for a youngster. What's more, he makes a perfect hide-away for a child's pajamas. Other crazy fur personalities also earn their keep, like the fur clad strongman, whose horizontal barbell serves as a tie rack. Happy functionals as well as decorative embellishments are yours for the making.

Koala Bear

This Australian chap is fun to make, fun to admire, and ideal for cuddling. Although he normally dwells in trees, he's been known to perch on beds, chairs and tables, almost anywhere. His large tufted ears are fuzzy and wuzzy-----Voila' here's a Koala Bear, and he sits 12" high!

MATERIALS

12" x 36" brown fake fur
3½" x 9" white long pile fake fur
Set of Koala Bear's hands and nose
Koala Bear eyes, brown
1 yd. No 9 satin ribbon
White craft glue
Stuffing

DIRECTIONS

1. See pages 20, 21 and 22 for patterns. Trace master paper patterns. Cut all parts from brown fur except front of ears. These are cut from long pile, white fake fur.
2. Sew dart in front of face. Sew front of ears to face.
3. Sew face to front of body. See Fig. A.
4. Sew back of body sections together at center seam. Leave a section open for stuffing.
5. Sew back of head to back of body. See Fig. B.
6. Sew back of body to round side of the bottom. See Fig. C.

Continued on page 20

Fig A Front of bear, right side out.

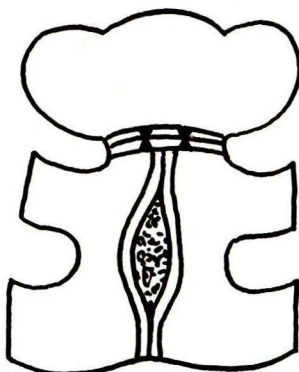

Fig. B Back of bear, wrong side out.

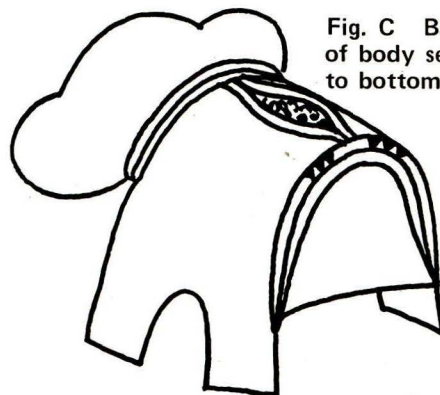

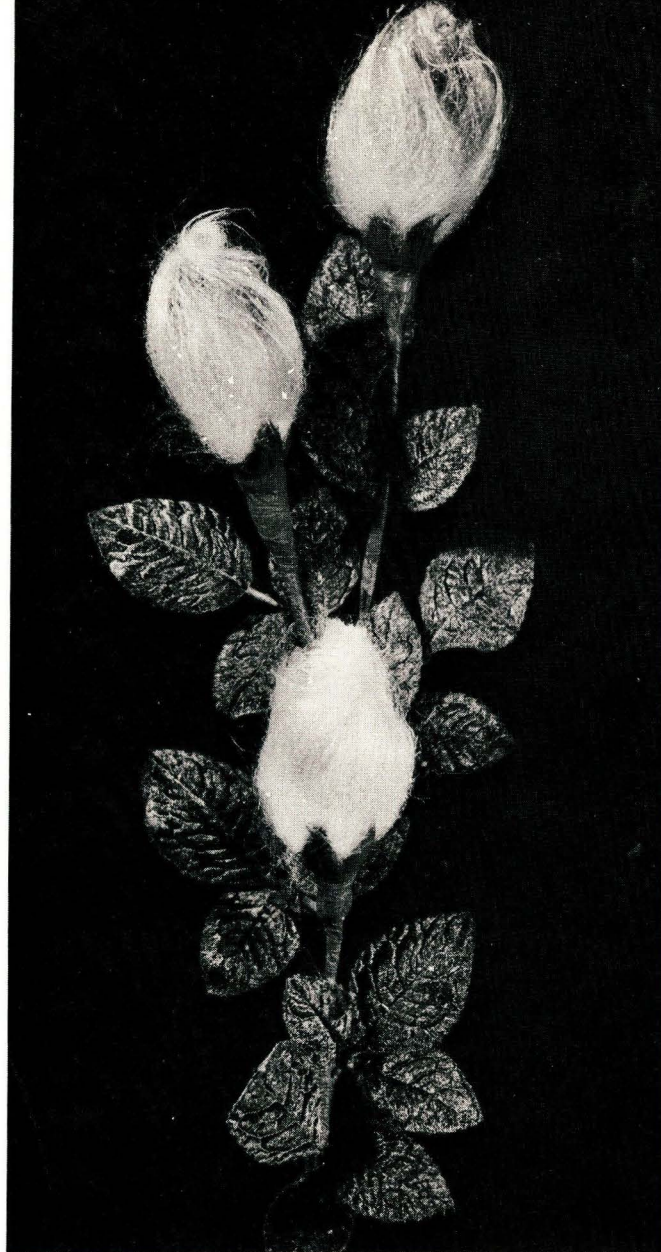

Fig. C Back of body sewn to bottom.

Rose Buds

These 2" slender rose buds are daintily colored, petite and perfect. They are so easy to twirl into shape using any color combination. They are very effective in arrangements, as shown in color on page 6. Their keeping quality will please any home decorator so why not make a bowl full !!

MATERIALS NEEDED FOR EACH FLOWER

2 pcs. 2"x 3/4" fake fur, long pile,
one a deeper shade than the other.
18 ga. stem wire, covered
30 ga. wire, uncovered
Rose bud calyx, plastic
Rose leaves, velvet
Resin spray glaze
Floral tape, green
White craft glue
3/8" dowel

SUGGESTED COLOR COMBINATIONS ROSE BUDS

Pink with dark pink center.
Yellow with pink or orange center.
White with pink or yellow center.
Red with fuchsia center.

DIRECTIONS

1. Cut two 2"x 3/4" pieces of fake fur fabric from the back so the long hairs won't be cut. One color should be deeper than the other. See suggested color combinations above.

Fig. A Comb hair in one direction.

2. Lay each piece flat on the table and comb the hairs thoroughly in one direction with an ordinary comb. See Fig. A.

3. Glue the two pieces, back to back. Place the deeper color on top, offset 3/16" higher than the lighter colored piece.

4. Bend a 1/2" hook on one end of the 18 ga. stem wire and hook over the end of the fur pieces. See Fig. B. Roll fur loosely around the wire. Be sure the deeper color is on the inside. Secure bottom by wrapping VERY TIGHTLY with 30 ga. wire. To obtain a very tight wrap, bend the end of the 30 ga. wire down and hold it in place with the left thumb. Wrap tightly away from yourself, wrapping down over the bent end as you go. Wrap stem wire with floral tape.

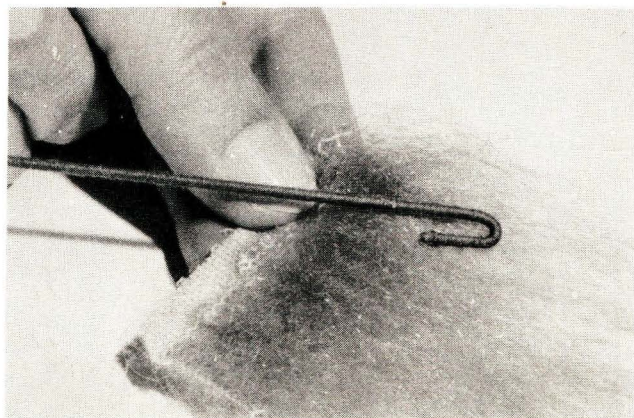

Fig. B Hook stem wire over one end of petals.

Fig. C Comb hairs and leave top of bud slightly open.

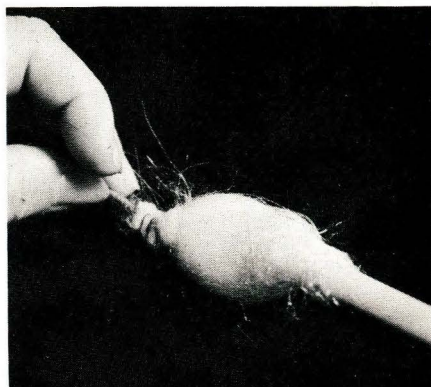

Fig. D Place dowel in center of bud and twist.

Fig. E Trim top of bud so small hole is exposed.

5. Comb the hairs again so they are smooth. Don't try to pull them into a point but leave them slightly open. See Fig. C.

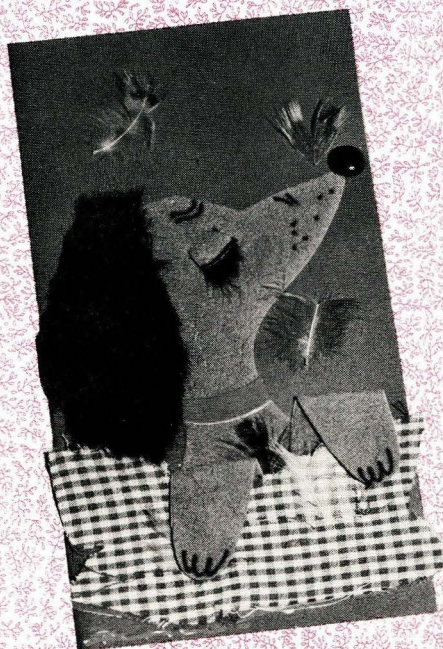

6. Spray the bud thoroughly with glaze. While it is still wet push a $\frac{3}{8}$ " dowel down into the center and twist it in one direction only. See Fig. D. The hairs will adhere to the dowel and swirl.

7. Gently push the swirled hair off the dowel and let the glaze dry.

8. Slip a bud calyx up the stem and tape to hold.

9. When the glaze is dry, carefully trim away the top tight swirl of hairs. The top of the bud should look like Fig. E. If the hole in the center isn't distinct enough, re-insert dowel and twist.

10. Tape rose leaves to stem.

Conversational Cards

Here's an idea for "fur fun" which speaks of handmade originality and cleverness. These unique 4"x 8" cards are made by fashioning scraps

of felt, gingham and fake fur into animal characters of your choice. Copy these or make up your own designs for conversational cards.

ROSES

Shy wallflowers? Not these bright pink beauties! Make sparkling, fake fur rosebuds in any vibrant shade, and add a luscious splash of color to your home's decor. This arrangement has been awarded the added luxury of velvet-like leaves, creating a classic richness.

ORIENTAL POPPIES

Imagine the compliments these exotic fake fur beauties will reap. Two shades of pink fur are combined to make this fluffy looking poppy. Create these poppies today --- enjoy their timeless beauty all year 'round.

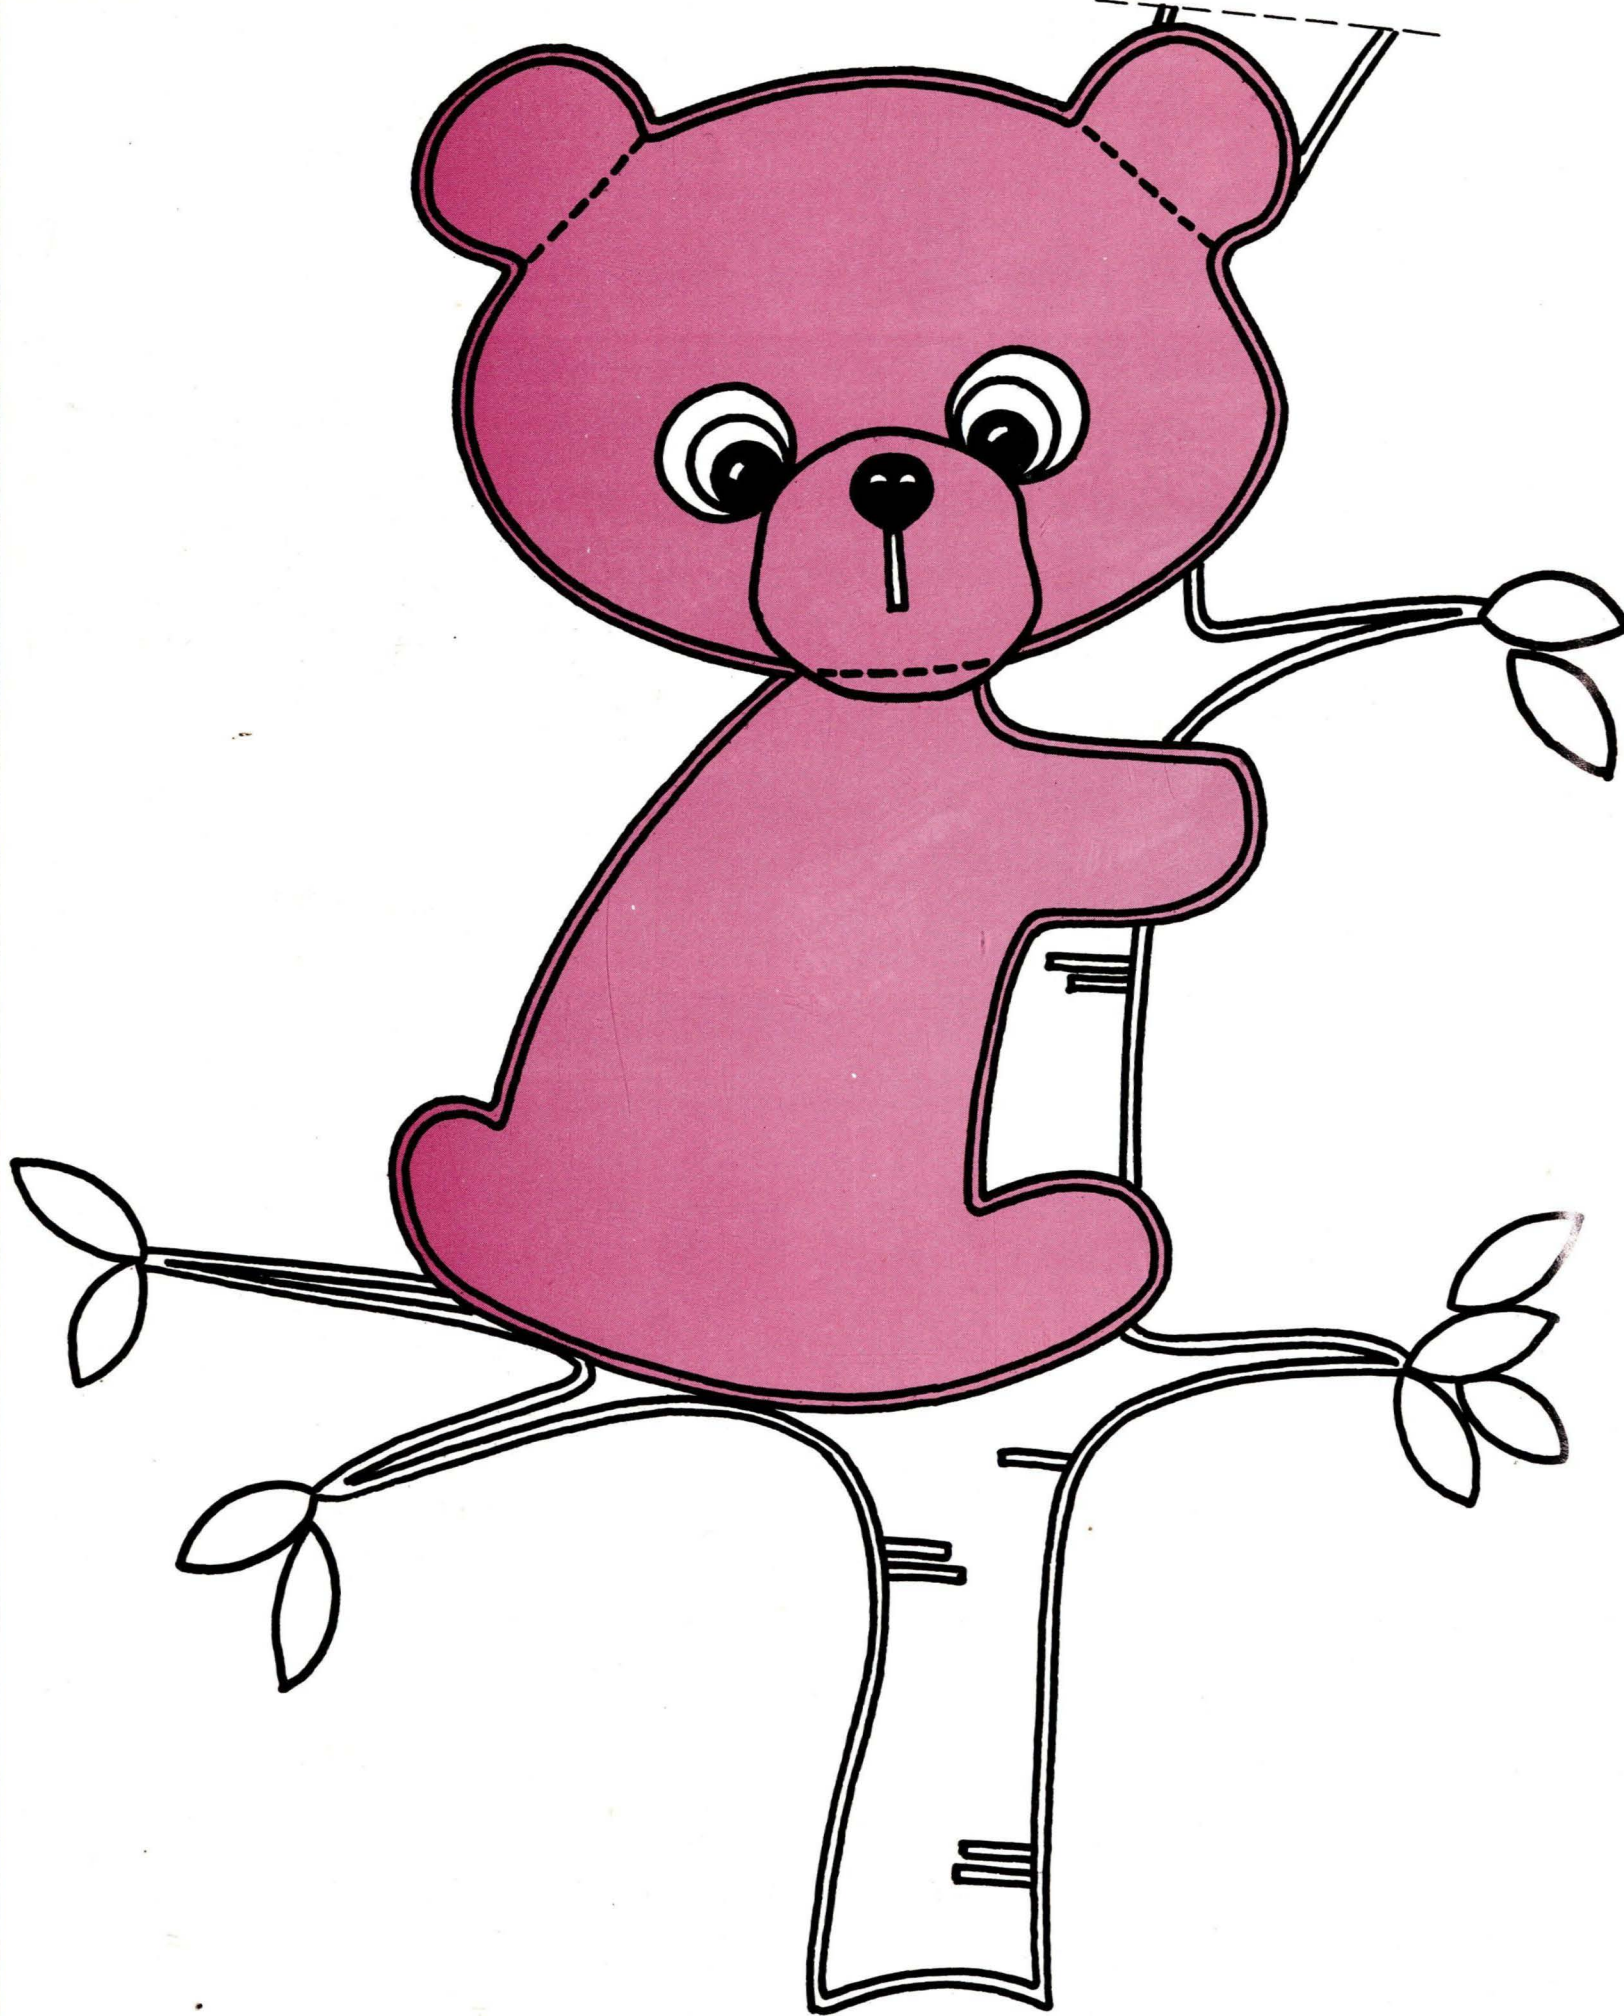

BEAR PLAQUE AND KOALA BEAR

No reason for these two fellows to go into hibernation, when a child's bedroom or a family room will make a perfectly cozy dwelling. The bear plaque measures 8"x 16" and combines fake fur, burlap, and felt artistry. Black braid accents the natural colored burlap with crisp detailing. The main attraction, the fuzzy brown bear, is a honey of a pet with his glass button nose and mischievous eyes. The honey bear's comrade, the Koala, is a stuffed pet. His brown and white fur body is plump and irresistibly "huggable", and that's the "bear" facts.

"Up-A-Tree" Plaque

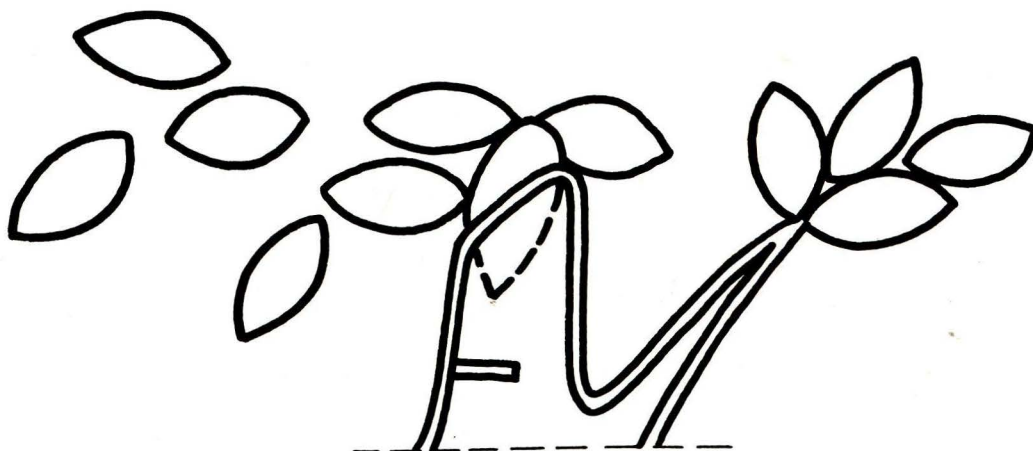

Are you out on a limb for an idea? Maybe this little honey bear can inspire you. The plaque is a big idea but takes up only 8"x 16" of space. So decorate your wall and hang him wherever you want----he's not choosy.

MATERIALS

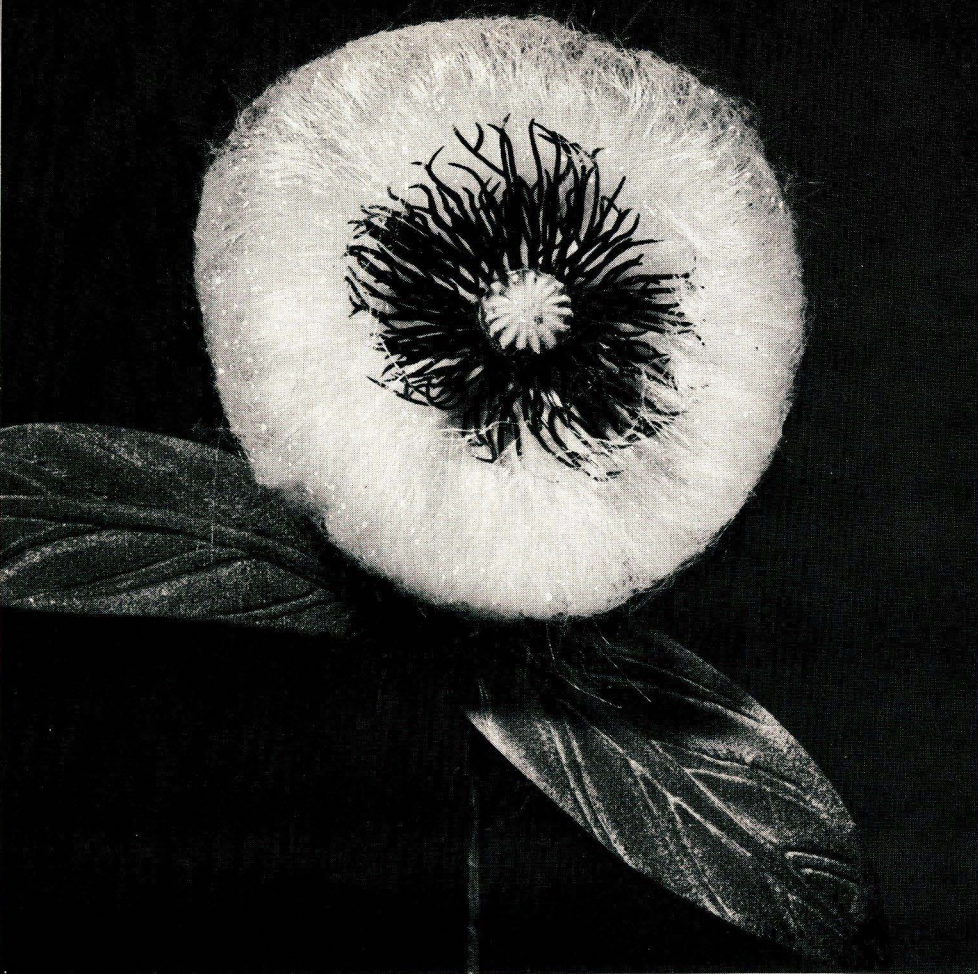

5"x 8" fake fur, brown or black
1½"x 2" felt, light brown
7"x 12" felt, white
2"x 5" felt, moss green
2 yds. braid, black
1 pair bear eyes, 13mm
Glass nose, 9mm
12"x 20" burlap, natural color
8"x 16" heavy cardboard
Artificial bee
White craft glue

DIRECTIONS

1. Cover cardboard plaque with burlap
2. See patterns on facing page. Trace master paper patterns.
3. Cut pieces as follows:
 - Bear of fake fur.
 - Nose of light brown felt.
 - Tree of white felt.
 - Leaves of moss green felt.
4. Glue felt nose onto bear's face. Glue glass nose and eyes into position.
5. Arrange and glue felt tree and bear onto plaque.
6. Glue black braid on all places where there are double lines for a finishing trim.
7. Glue green leaves into place. For fun add an artificial bee wherever desired.

Place this portion of the pattern on the top of your master pattern where dotted line appears.

Oriental Poppy

This exquisite Oriental Poppy will provide one of the most exciting flower experiences you've ever known. It is flamboyant, elegant and fabulously beautiful made of two shades of long pile fur in exotic colors of your choice. It is 4½" or more across and promises to make into a breath-taking arrangement. See color on page 6.

MATERIALS NEEDED FOR EACH FLOWER

2 pcs. 3½" dia. circle of long-pile fake fur,
one should be a lighter color than the other
Nail pushed thru a piece of cardboard
Plastic flower center
18 ga. stem wire
Velvet leaves

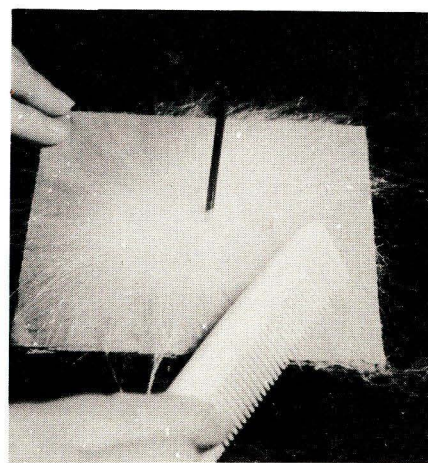

Calyx
Floral tape, green
Resin spray glaze
White craft glue
Comb

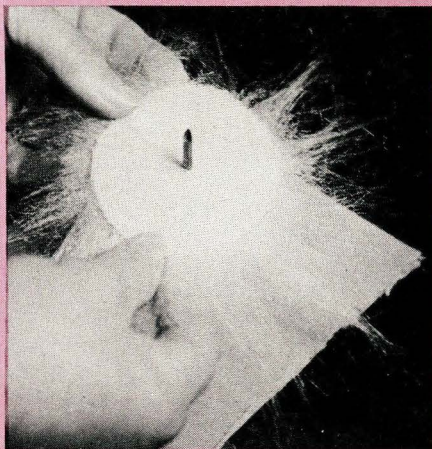

1. Need two 3½" circles of fur. Cut material on back side with a craft knife or razor.

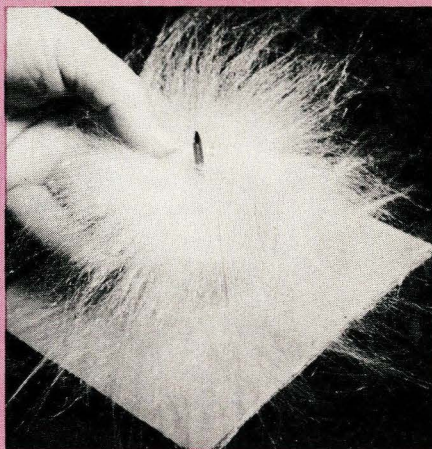

2. Center one circle, of lighter color fur, on a nail pushed up thru a piece of cardboard.

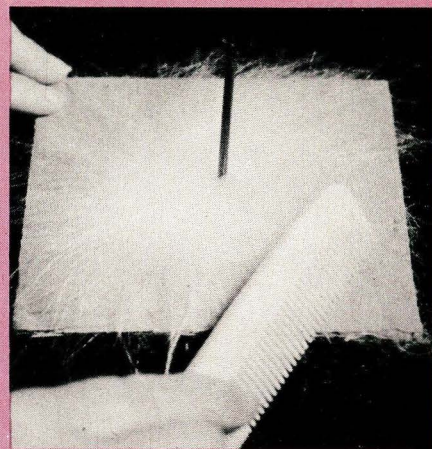

3. Comb fur out from nail in all directions.

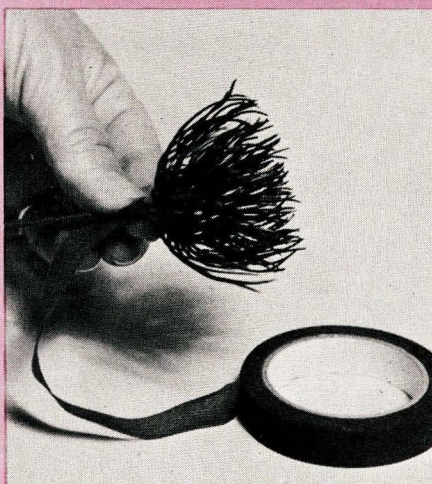

4. Carefully remove fur from nail and turn it fur-side-down over nail.

5. Center the other circle, fur-side-up on top of first circle. Secure to each other with a dab of glue.

6. Comb this fur out in all directions from nail. Comb hair of both pieces together.

7. Tape flower center to end of 18 ga. stem wire.

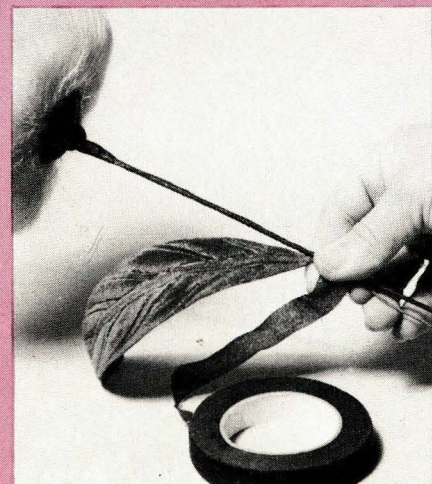

8. Remove fur circles from nail and slip stem down thru the hole.

9. Spray with glaze and gently curl hairs toward the center.

10. Add calyx to back of the flower.

11. Tape leaves to stem.

Change the center and, presto, you have a different flower!

Tousle Top

Our gals are a take-off on the Raggedy Ann doll, and fake fur gives their orange hair the fancy-free look. The larger doll is 24" and demurely stands on a burlap-covered plaque which is 15"x 30". This cheery pair will brighten any room.

Amount of felt needed is shown below with color abbreviations.

12"x 12" felt, medium blue, "M"

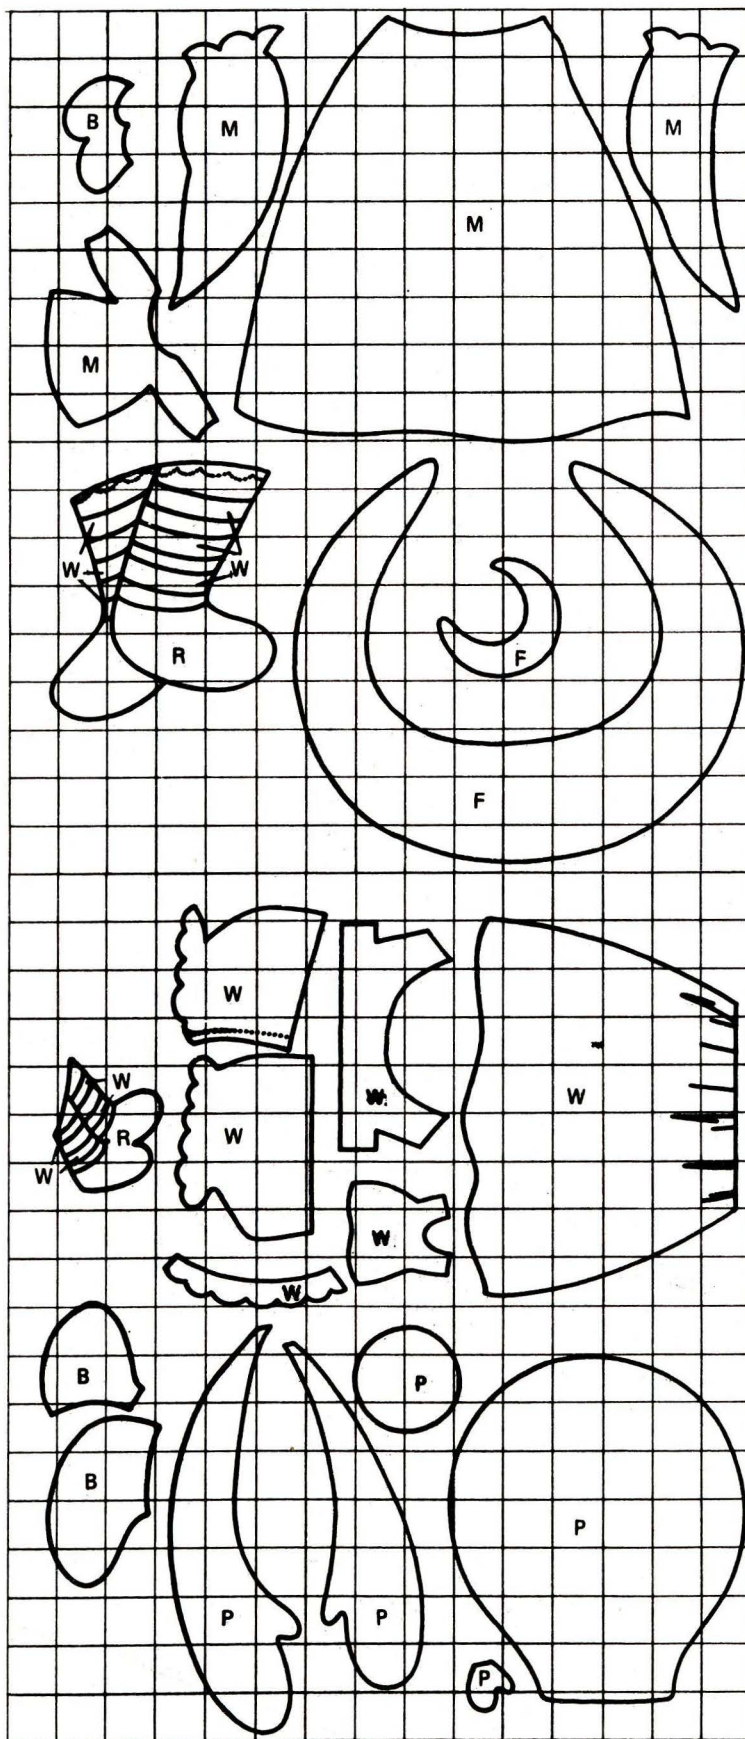

9"x 12" felt, pink, "P"

9"x 12" felt, white, "W"

6"x 6" felt, red, "R"

6"x 6" felt, black, "B"

9½"x 9½" fake fur, med. pile, orange, "F"

PATTERN FOR TOUSLE TOP DOLLS IS SHOWN ABOVE.

SCALE: Each square equals one inch.

HAIR: Cut fur from backing with a razor. Glue into place. Comb as desired and spray with glaze.

STUNNING WREATH AND TREE

Why not contribute two uniquely beautiful fur masterpieces to your collection of holiday treasures. Round sections of dark pink fur have been curled to give a

billowy fullness to this wreath and tree. The fur pieces are attached to a white foam cone, 24" high, and a white foam wreath, 18" in diameter.

Elegant Wreath

This Christmas wreath encompasses all the happy spirit of the season in the most exquisite manner. Bright pink fake fur is snipped into "rounds", which are shaped and sprayed and attached to a white foam wreath. The finished wreath is 20" in diameter. A small cluster of fur blossoms, a hot pink velvet sash, and sparkling diamond dust are elegant trimmings.

MATERIALS

18" beveled white foam wreath
 3 pcs. 9"x 12" long pile fur
 2 pcs. 3½"x 9" long pile fur, deeper shade.
 Resin spray glaze
 White craft glue
 Diamond dust, optional
 2¼ yds. velvet ribbon, No. 40
 12 velvet leaves
 Stamens of your choice
 Nail pushed thru a piece of cardboard
 Comb

Fig. A Trim corners to make octagonal shape.

DIRECTIONS

1. In order not to cut the long pile fur, simply snip the edge of the material on the back and tear to correct size. Make all 9"x 12" pieces into 3" wide strips and then into 3" squares.

2. Trim corners of each square so you have an octagonal shape. See Fig. A. Use a razor or craft knife to cut the material on the back of the fur.

3. Center the fur piece, fur side up, on a nail which has been pushed through a piece of cardboard. Comb the fur outward in all directions with an ordinary comb. See Fig. B.

4. Remove fur from nail. Smooth stray hairs with comb and spray with glaze. While the glaze is still wet, gently curl the ends of the hairs toward the center of the flower. Do this by dragging the palm of the hand up, over and around the flower. See Fig. C.

5. When you have thirty six circles made, curled and the glaze is dry, cut each one exactly in half. Spray the newly cut edges with glaze. See Fig. D. Optional: To glitter wreath, lightly spray outside curled hairs and immediately sprinkle with diamond dust.

6. When half circles are dry, glue them to foam wreath, overlapping them as you go. See Fig. E.

Fig. B Comb fur outward in all directions.

Fig. C Curl hairs toward the center of the flower.

Fig. D Cut circles in half and spray cut edge.

Fig. E Glue half circles to foam wreath.

7. To trim wreath make five flowers of the darker shade of fur. See instructions on pages 10 and 11. Use stamens of your choice.

8. Glue flowers and velvet leaves onto wreath. Add a large velvet bow.

Clever Coiffures

*FAKE FUR, for a coiffure ---
Is easy as can be --- Simple as 1-2-3 !*

MATERIALS

3½"x 9" fake fur, hair color
of your choice
White craft glue
Resin spray glaze

DIRECTIONS

1. Fold 3½"x 9" fur strip in half length-wise, wrong side out. Sew together along top edge as shown in Fig. A. Round off both ends. Be sure to cut from the back side so not to cut hairs.
2. Turn fur right side out. Glue over head. The head can be a foam ball with a face mask fastened to it.
3. Comb hair into any desired style and spray with glaze.

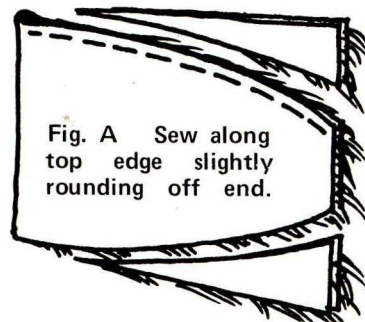

Fig. A Sew along top edge slightly rounding off end.

Sweet Lil' Stinko

Skunks can definitely be sweet, especially if they are like Lil' Stinko who was made by gluing fur around a pop bottle. He stands over 12" high and makes a perfect dresser pet. His companions are shown in color on page 18.

MATERIALS

9"x 12" long-pile fur, black
 3½"x 9" long-pile fur, black
 2 pcs. 3½"x 9" long-pile fur, white
 White foam ball, 4" dia.
 White foam egg, 1-7/8"x 2¾"
 White foam egg, 1½"x 2-1/8"
 16 ga. wire, 36" long
 Rodent face mask
 White craft glue
 Resin spray glaze
 2"x 4" felt, white
 3½"x 6" felt, black
 Ribbon
 Small flowers
 Small pop bottle

DIRECTIONS

1. **FACE:** Glue face mask to 4" foam ball. Pin at top and sides to secure. See Fig. A.
2. **HEAD:** The 3½"x 9" strip of black fur is for the head. Fold the strip in half, right sides together and sew together on one side as shown in Fig. B.
3. Turn fur right side out and glue over the head with the seam on top. Part the fur in the center, over the seam and comb it down over the head. See Fig. C. Bring the long hairs down under the neck as far as possible. Spray with glaze.
4. Glue the 1½"x 9" white strip over center top and down the back of the head. See Fig. D.

5. Twist a 16 ga. wire tightly around the base of the bottle. Then continue twisting it together as in Fig. E. It should extend about 9".

6. **ASSEMBLY:** Put glue on top of bottle and push head firmly down onto the bottle. Fig. F.

7. **BODY:** Glue a 6½" wide piece of black fur around the bottle. This doesn't quite meet in the back. See Fig. G.

8. Glue a 1½" strip of white fur over the exposed part of the bottle. Glue a small scrap of white over the chest. See Fig. H.

9. **TAIL:** Trim a 3½"x 9" strip of black fur as shown in Fig. I. **BE SURE TO CUT FUR FROM BACK** so you don't cut the long hairs. Glue the fabric side to the underside of the tail wire.

Fig. A Glue and pin face to foam ball.

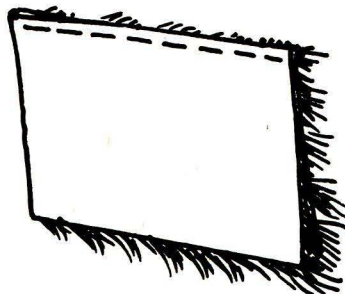

Fig. B Fold and sew strip of fur.

Fig. C Part and comb fur over head.

Fig. D Glue white strip to top of head.

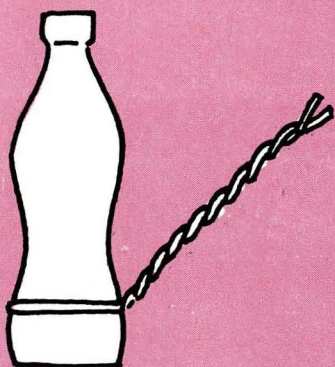

Fig. E Twist wire around bottle. It extends 9".

Fig. F Secure head to top of bottle.

Fig. G Black fur doesn't meet in back.

10. Cover wire with a 2½"x 9" strip of white fur with a 1"x 9" strip of black fur along each side. Trim and glue as shown in Fig. J. When glue is dry, carefully comb fur to blend the white center over the black. Spray with glaze.

11. PAWS: Cut small foam egg in half lengthwise and shape as shown in Fig. K. Glue black felt to bottom. Glue a 1" circle of black fur to rounded part of egg and comb hairs around the edges. See Fig. L. Spray with glaze and allow to dry. Secure any stray hairs with glue.

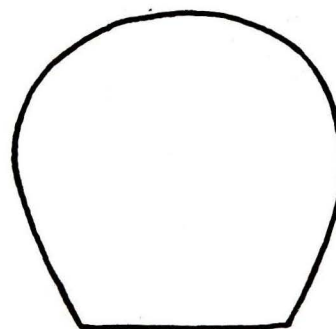

12. FEET: Use large egg and repeat as for paws.

13. Glue paws into position so they reach around in the front. Glue feet into place on side of body. Use plenty of glue and pin to hold until glue is dry.

14. Cut a black and white layer of felt for each ear. Pin in cup shape, white side out, to side of head.

15. Tie ribbon around neck and glue flowers in paw.

16. For finishing effect ruffle the white fur on head, back and chest and spray with glaze.

PATTERN FOR EAR

Cut 2 of black and 2 of white felt.

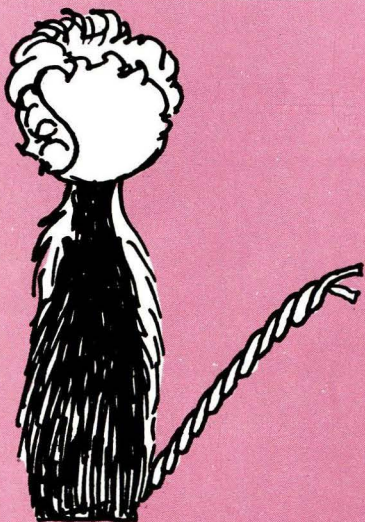

Fig. H Glue white fur down back and on chest.

Fig. I Trim fur for tail.

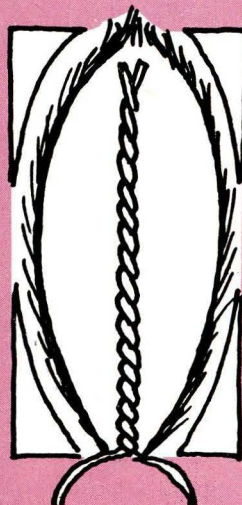

Fig. J Glue and blend fur on tail.

Fig. K Shape half of egg into a paw.

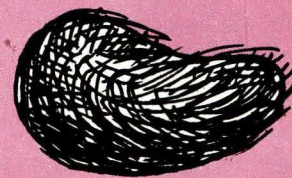

Fig. L Cover paw with fur.

Bottle Pets

These "bottle pets" are all variations of Sweet Lil' Stinko made around small pop bottles. See pages 16 and 17 and use these as basic instructions adapting them to make animals of your choice. A few adaptations are shown below.

RABBIT

HEAD is a 4" foam ball with rabbit face mask secured to it. It is then covered with fake fur. **EARS** are about 2" wide and 4" long of doubled pink felt with a wire glued in between. The wire extends at the bottom and is pushed into the foam head to hold ears in place. The back of each ear is covered with a larger piece of white fur. This is glued and combed around to the front. Spray fur with glaze to hold it in shape. **LEGS AND TAIL** are 2" wide rolls of fake fur glued to the fur which is wrapped around the bottle. Shape fur and spray with glaze to hold its shape.

BEAR

HEAD is a 5" foam ball with bear mask secured to it. It is then covered with fake fur. **LEGS** are 1½" diameter foam poles 2¾" long. Cover with fake fur. Glue circles of tan felt over the exposed ends. To attach a leg, wrap a wire around the bottle and stick ends into foam pieces.

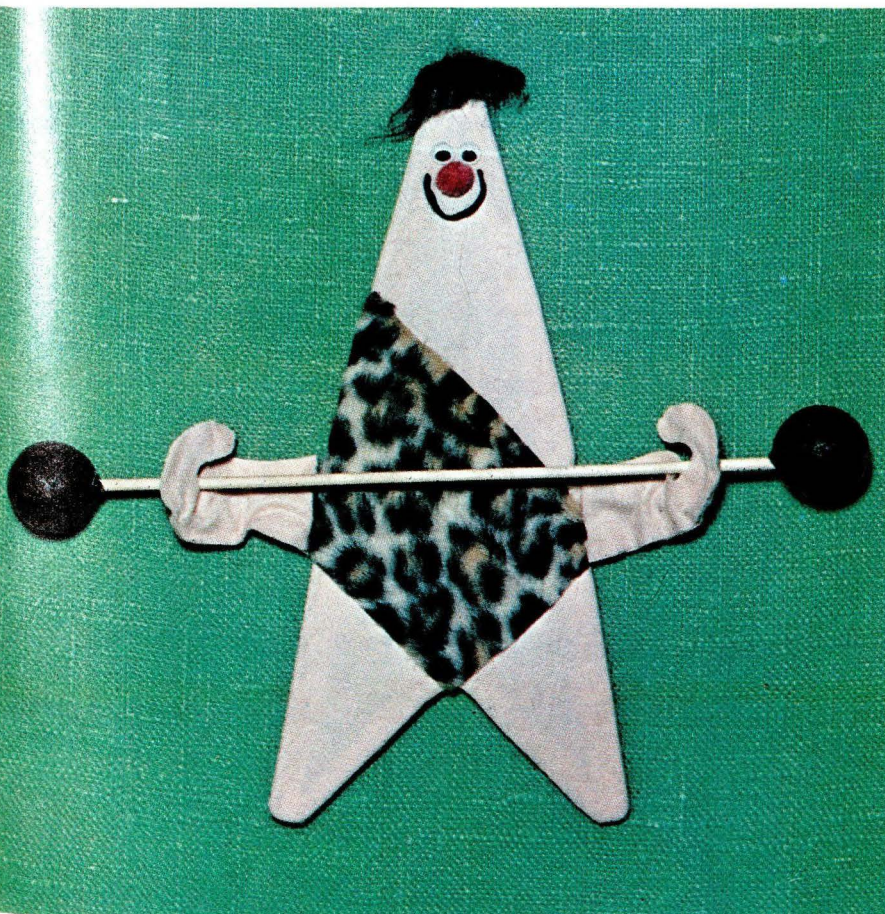

PENGUIN

BODY: Cover bottle with white fur. **HEAD:** Add 4" foam ball head. Cover with black fur which extends down the back and sides. See Fig. A. Add 24 mm moving eyes. **BEAK AND FEET:** Cut of double thick yellow felt and glue into position.

Fig. A Side view of penguin.

You can make a Merrie Monster pajama hide-away -- or these cute Furry Fellows by turning to pages 22 and 23 for patterns and easy-to-follow instructions.

C

Decorate
use as a tie

Character

in any crazy way and
scarf holder.

DIRECTIONS:

1. Tape two wire coat hangers together as shown in Fig. A.
2. Cover with flesh colored felt. See Fig. B.
3. Add detail and fur to create a crazy character.
4. Bend hooks at right angle to figure and cover with felt. Place a dowel between hooks for a tie rack.

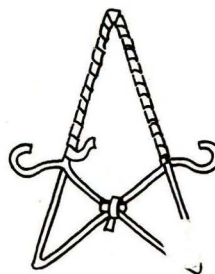

Fig. A Tape two wire coat hangers together.

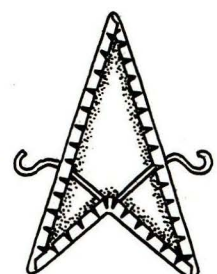

Fig. B Back side shows how felt is cut and glued over wires.

KOALA BEAR continued from page 3

7. Baste paws onto arms as shown in Fig. D. Be sure fingers point IN.

8. Place right sides of front and back together and stitch side seams.

9. Turn right side out. Stuff and whip the back seam together.

10. Glue the nose onto the face over the top point of the dart.

11. With scissor point, punch eye holes where indicated on pattern. Glue eyes into place.

12. Tie ribbon bow around bear's neck.

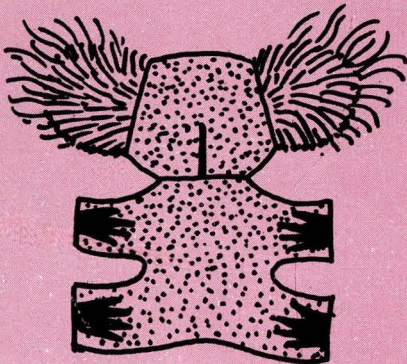

Fig. D Right side out.
Baste paws so fingers
point IN.

Furry Fellows

These little Furry Fellows are fun and easy to make. See them in color on page 19. They're ideal for bazaars, gifts or camp craft. Make a hole in the jar lid and use as a bank!

MATERIALS

9"x 3½" fake fur strip,
color of your choice
4½"x 5" felt for feet
Puff ball for nose
Large novelty eyes
Hat of your choice
Baby food jar
White craft glue

DIRECTIONS

1. Screw the lid tightly onto jar.
2. Cut notches out of the top edge of the fur and glue around jar.
3. Glue eyes, nose and hat into place.
4. See overlay pattern and cut felt feet. Glue to bottom of jar.

Merrie Monster - - -

P. J. Hide-Away

MATERIALS

Plastic bleach bottle, 1 gal. size
 9"x 28" fake fur
 3½"x 4" felt, royal blue
 3½"x 2" felt, black
 Pr. monster eyes, 45 mm
 Pr. crazy feet or make two feet
 4"x 5" of cardboard and
 cover with felt.
 White craft glue

DIRECTIONS

1. Cut 6" off bottom of bottle to use as a form.
2. Sew ends of fake fur together. Gather top edge and pull tight to make a cover for bottle.
3. Glue fur cover over inverted bottom of bottle.
4. See overlay patterns. Cut two glue felt eye lids and two black felt eye lashes.
5. See photo and glue eyes, lids and lashes into place.
6. Staple feet to bottom edge.

This furry little creature is a BIG front, 'cause he's hollow inside. While he decoratively sits on a bed or bureau, he conceals your P.J.'s or other treasures.
